

The screenshot shows the Visual Studio Code interface with the following details:

- File Explorer:** On the left, it shows a tree view of the project structure with sections like **SOURCE CONTROL**, **Changes**, **COMMITS**, **REPOSITORIES**, **FILE HISTORY**, **LINE HISTORY**, **BRANCHES**, **REMOTES**, **STASHES**, **TAGS**, **WORKTREE**, **CONTRIBUTORS**, and **SEARCH & COMPARE**.
- Editor:** The main editor area displays two files:
 - assignment1.html:** An HTML file containing the header section with meta tags, links to CSS and font files, and a banner with navigation links and an explore button.
 - #styles.css:** A CSS file with placeholder text (Lorem ipsum) and a comment indicating it's for the about section.
- Status Bar:** At the bottom, it shows the status "master" and other details like file count, line count, and commit history.
- Bottom Right:** A message from Microsoft encourages activating Windows.
